SO CADETS REMEMBER TO  
CHECK YOUR EMAIL!!

# MONTH IN REVIEW

## *Battalion Formation*

During our first annual battalion formation of the year, we had the honor of recognizing the outstanding achievements of our cadets, consisting of awards from both the present year and the preceding one. Particularly noteworthy were the accomplishments of our Drill Team at the Army and All-Service National JROTC Drill competition held in Daytona, Florida. In the previous year, cadets won in various categories, including 17th overall in Division II Unarmed Drill, 6th overall in Division III Armed Drill, and 8th and 9th positions in Master's Level Duet 1 and Duet 2, respectively. Furthermore, the dedication extended to our Raider team, who showcased remarkable athleticism and teamwork by securing 3rd place in the Team 3K Run and an impressive 16th place overall. These achievements are a testament to the dedication and hard work of our cadets, and we look forward to even greater success in the future.

CADETS B. CHOWDARY,  
HARRIS, SANTIAGO, AND  
BANEGAS PERFORM  
COLORGUARD IN THE RECENT  
DRILL COMPETITION.

The Cadets performed in a Drill Competition on Saturday, October 21 at Southern Lee High School. It was a very good learning experience for all members of Drill team, including many members attending their first competition! The cadets got to see other schools perform, and cheer on their own Eagle Battalion Drill Team Members! We look to build on this result and move forward with Drill Team, with the next competition upcoming on the 18th of November.

DRILL TEAM MEMBER**

I joined JROTC not knowing what to expect, but as I have continued with the program, I have grown to love it. I am a junior, entering my third year in JROTC and I participate in many extracurricular activities with the program such as Drill Team, Academic Bowl Team and Leadership Bowl Team. I have learned that whatever you put into the program is what you get out of it. I am confident that my choice to stay in the program was the right one. My plans for this year are to achieve A Honor Roll and go to the Drill Nationals with the Drill Team. In addition to that, I want to motivate all of the Cadets to improve and work towards being my best self. In the future, I plan to study in college and find my passion.

## **SGT; MITCHELL-MORRIS, ANGEL; NEWSLETTER & MEDIA ASSISTANT LET: 3**

I joined JROTC after seeing my brother in the eagle battalion during my 4th grade year and also having taken interest in the military. Through the ups and downs in my JROTC journey, it has trained me to be a better leader and person, in and outside of the classroom. Throughout my time at Enloe I have served as a writer on our school newspapers editorial staff along with serving in other school-wide and national organizations. I plan on continuing in the JROTC program to continue my love for the program and family along with the upkeep of my personal fitness. After high school, I plan on attending a 4-year university and majoring in criminology or a writing major and pursuing a career in the navy, air force upon graduation.

## **SGT; GUPTA, ANUSHA; NEWSLETTER AND MEDIA ASSISTANT LET: 3**

I joined JROTC because of growing curiosity about the program, and throughout the years I have gained an interest in it. I am a senior in high school and participate in Academic Bowl, Medical BioScience Academy, HOSA Future Health Professionals, Wearable Device Challenge, National Honors Society, Dance Pe Chance, Certified Nursing Aide, and swim and dive. After High School I plan to get my bachelors in Behavioral Biology, Cognitive Science, or Clinical Laboratory Science and pursue a career in medicine while enlisting in the Army or Airforce Reserves. This year I hope to be a beacon of support and be there for cadets who need assistance. Whether mentally, or tutoring I am always available to help.
